

02 HIGH PERFORMANCE AIR FILTERS **RUSH**

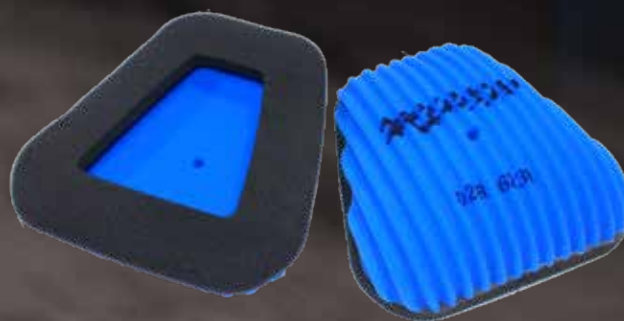

DIRT BIKE, ATV/SXS, ADVENTURE & PERFORMANCE MOTORCYCLE AIR FILTERS

THE AIR FILTER OF
 CHOICE FOR MONSTER
 ENERGY CDR YAMAHA

AVAILABLE FOR ALL MAKES AND MODELS

HIGH FLOW FILTER

2X SURFACE AREA

ULTRA-SOFT FOAM SEAL

FLEXIBLE GLUE SEAMS

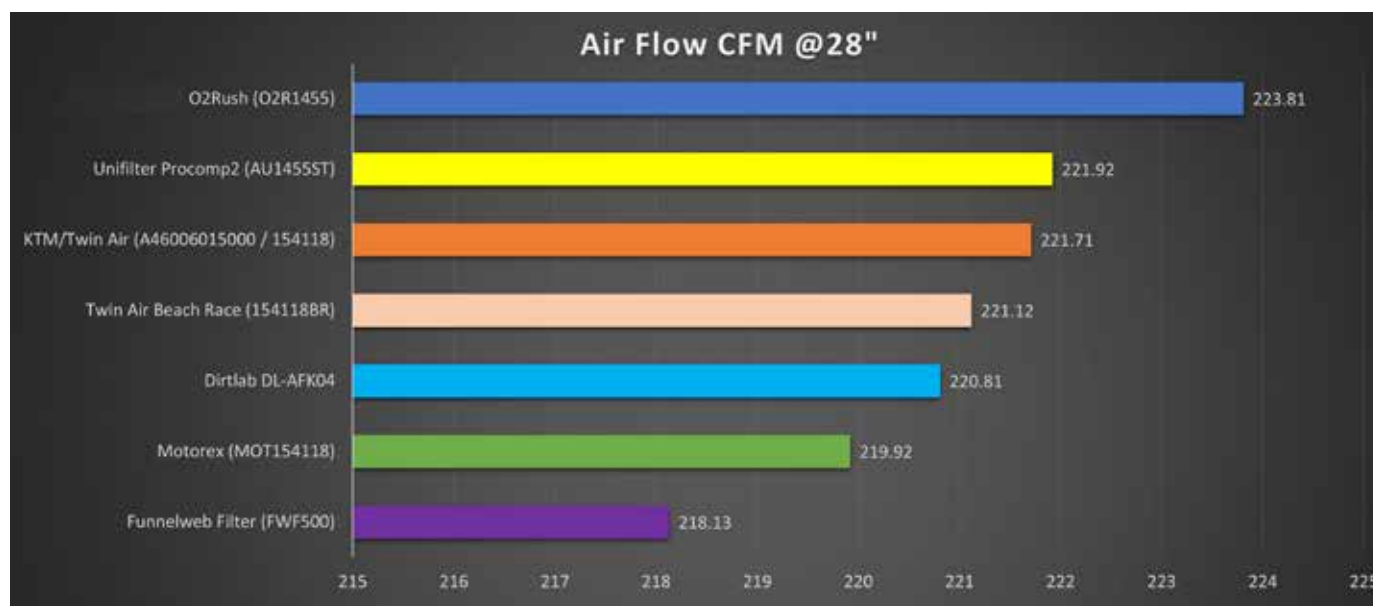

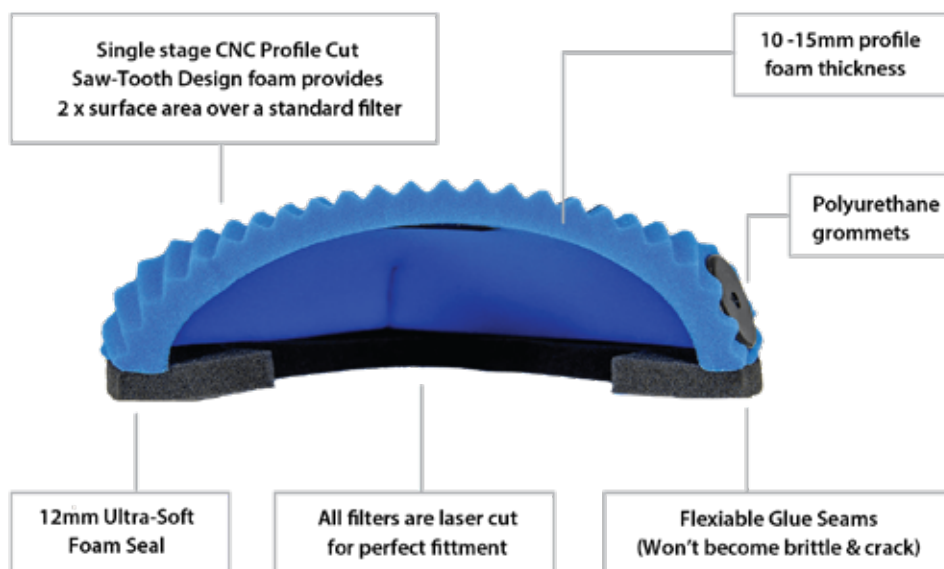

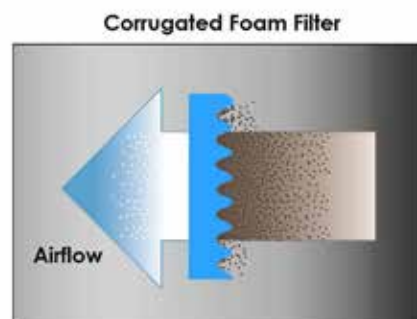

DESIGNED & MADE IN AUSTRALIA FOR AUSTRALIAN CONDITIONS

The O2Rush air filter has been designed to provide the ultimate in performance, without putting your motor at risk of dust and dirt.

Made with a single layer of open cell, polyurethane air filter foam with external corrugations for over 100% larger surface area. The foam is over 14mm thick (more than double the effective filter medium of some competitors), yet still remains free flowing and, coupled with our 'soft-seal' technology, ensures no dirt will penetrate.

We are a company proud of our capabilities, providing not only manufacturing air filters but providing design and technology for many automotive and industrial companies. We only use premium raw materials in our manufacturing process and wherever possible support "Australian Made" in our materials and packaging.

We use open cell, polyurethane foam, heavy-weight mineral based foam air filter oil and 40 years experience to build high quality, reusable, high air flow, and effective replacement air filters specifically for your bike, in Australian conditions.
